PROFESSIONAL SUMMARY

A dedicated professional recognized for leadership, logical thinking, and clear communication. Capable of driving impactful solutions through technical expertise in dynamic environments, with a focus on machine learning and AI. Demonstrated the ability to learn rapidly and apply new technologies effectively, showcasing technical proficiency. Proficient in a variety of technologies, including Python, HTML5, CSS, and Javascript.

EDUCATION

Gayatri Vidya Parishad College of Engineering	Visakhapatnam
Bachelor of Technology | Computer Science & Engineering (AI & ML)	2021 – Present
9.00 CGPA	
Bhashyam Junior Intermediate College	Guntur
Intermediate Education | MPC	2019 – 2021
98 Percent	
Narayana E – Techno School	Guntur
10th Standard | SSC Board of Education	2018 – 2019
10.0 GPA	

EXPERIENCE

AICTE - EDU SKILLS VIRTUAL INTERNSHIP   **May '23 – Jun '23**.
AICTE AWS MACHINE LEARNING FOUNDATION

- In this duration of internship we worked on Sentimental Analysis to develop a project on Product Reviews.
- We work out on different concepts in area of Machine Learning such as Supervised Learning & NLP and also executed AWS Services.
- Technologies Used: AWS, Python

COINCENT MACHINE LEARNING INTERNSHIP   **May '23 – Jul '23**

- I underwent comprehensive training in machine learning and deep learning from the ground up. The knowledge gained was applied effectively in real-world projects, including disease prediction and bot detection, as well as a CNN image classification project.
- Performed on Deep Learning and Machine Learning Concepts to achieve higher accuracy of Model's Performance.

WEB DEVELOPER INTERN   **May '24 – Jun '24**
ARCHEOBYTE

- I successfully completed my projects, including an online code editor and a Resume Builder Web Application and learnt some new skills.
- Throughout this experience, I acquired new disciplinary actions and refined my skills in Front-end development.

PYTHON PROGRAMMING WITH DSA INTERNSHIP   **Aug '23 – Oct'23**
YBI FOUNDATION

- I worked on impactful projects such as a bookstore inventory system and a basic cryptocurrency portfolio tracker utilizing Python programming and data structure algorithms.
- This hands-on experience enabled me to enhance my skills in software development and gain practical insights into developing efficient and functional applications

SKILLS

- Machine Learning
- Artificial Intelligence
- Deep Learning
- HTML5
- CSS
- Java Script
- C Programming
- Python Programming

CERTIFICATIONS & VOLUNTEERING

COINCENT & MICROSOFT INTERNSHIP   **2023**
Internship Certification on Machine Learning

SMART INDIA HACKATHON   **2023**
Certification on our ML Project and worked as Team Lead

ARCHAEOBYTE   **2024**
Certification on Completion of Internship

AICTE – EDUSKILLS VIRTUAL INTERSHIP   **2023**
Internship Certification on Machine Learning

NPTEL DATA ANALYTICS   **2023**
Certification on Performance in Exam (Silver Grade)

SOCIAL ACTIVITY   **2022**
Member of the Rotaract Club GVCPE
Mentored more than 100 students in a nearby government school and provided them with some useful resources for their preparation
